01 · AT A GLANCE

Overview

Live 1:1 mock interview with a cloud and DevOps expert covering AWS/Azure/GCP, CI/CD, Docker, Kubernetes and Linux, with a detailed feedback report.

This mock interview simulates a real technical round for cloud, DevOps and site reliability roles. Your expert will ask about cloud fundamentals, Linux and networking, containers, CI/CD pipelines, infrastructure as code and monitoring. You may also get scenario questions such as debugging a failed deployment or designing a simple, scalable setup.

It is useful for final-year students, freshers and career switchers preparing for cloud engineer, DevOps engineer, SRE or system administrator openings. After the session you receive an AI-assisted feedback report with ratings, strengths, areas to improve and clear next steps, so you know what to practise before your real interviews.

09 · QUESTIONS

Frequently Asked Questions

Q1 Do I need to know a specific cloud provider?

No. You can choose AWS, Azure or GCP when booking, and the expert will focus on the one you know best while also testing general cloud concepts.

Q2 Will I be asked to write code or commands?

You may be asked to explain or write simple shell commands, YAML or Dockerfile snippets, and to describe pipeline steps. Heavy coding is not the focus.

Q3 Can freshers with no work experience book this?

Yes. The expert adjusts the level to your background and will use your projects, labs and coursework as the base for questions.

Q4 How long should I book the session for?

A 30-minute session suits a quick concept check. One to two hours is better for a full technical round with scenarios and project discussion.

Q5 What will I get after the interview?

You receive a PDF feedback report with 1-5 ratings per criterion, your strengths, areas to improve and suggested next steps.

Q6 Does this guarantee a job?

No. It is practice and feedback to help you prepare better. Results in real interviews depend on many factors.

Q7 How long can the interview be?

From 30 minutes to 3 hours, in 30-minute steps. You choose the duration when you apply; the price follows it.

Q8 How do I pick a time?

The booking form shows the free start times from our experts' weekly availability (in IST) for the duration you choose. Once you pay, the slot is yours - no one else can book it.

Q9

How is the price worked out?

Session fee per hour x your duration, plus any add-ons: flat add-ons cost the same for any duration, per-hour add-ons follow your duration.

Q10

Can I use a coupon or iSure Coins?

Yes. A coupon valid for mock interviews discounts the session fee (not the add-ons), and you can pay part or all of the rest with iSure Coins. If they cover everything, no online payment is needed.

Q11

What do I need to share?

Your objective for the interview (role, company type, what you want to practise) and, optionally, your resume as a PDF so the expert can tailor the questions.

Q12

Can I cancel?

You can cancel from My Mock Interviews until an expert is assigned and get a full refund (iSure Coins go back to your wallet). If you miss a confirmed session, it counts as used and is not refunded.

Q13

Will I get an invoice?

Yes - an invoice for every payment, downloadable from My Payments and from your mock interview page.
