01 · AT A GLANCE

Overview

Practise a live 1:1 Cyber Security interview with an expert and get a detailed feedback report on your technical depth, problem solving and communication.

This mock interview simulates a real Cyber Security interview for entry-level roles such as SOC analyst, security analyst, penetration tester or security engineer trainee. Your expert asks questions on networking, security fundamentals, common attacks, tools and scenario-based problems, and may ask you to explain how you would detect, respond to or prevent an incident.

It is useful for students, final-year candidates and freshers who want to check how ready they are before real interviews. After the session you receive an AI-assisted PDF report with 1-5 ratings, strengths, areas to improve and clear next steps, so you know what to study next.

09 · QUESTIONS

Frequently Asked Questions

Q1 Do I need a certification to book this interview?

No. A certification is not required. The expert adjusts the questions to your level, whether you are a beginner or have done courses like Security+ or CEH.

Q2 Will I be asked to perform live hacking or use tools?

Mostly the interview is discussion based. You may be asked how you would use a tool or approach a scenario, but no live hacking is required.

Q3 Can I choose a role such as SOC analyst or penetration tester?

Yes. Share your target role when booking and the expert will focus on the topics that matter most for it.

Q4 How long should I book for?

A 30-minute session works for a quick check of fundamentals. Choose 1 hour or more if you want scenario rounds, project discussion and deeper feedback.

Q5 What will I get in the feedback report?

You get a PDF with 1-5 ratings for each criterion, your strengths, areas to improve and next steps to follow.

Q6 How long can the interview be?

From 30 minutes to 3 hours, in 30-minute steps. You choose the duration when you apply; the price follows it.

Q7 How do I pick a time?

The booking form shows the free start times from our experts' weekly availability (in IST) for the duration you choose. Once you pay, the slot is yours - no one else can book it.

Q8 How is the price worked out?

Session fee per hour x your duration, plus any add-ons: flat add-ons cost the same for any duration, per-hour add-ons follow your duration.

Q9 Can I use a coupon or iSure Coins?

Yes. A coupon valid for mock interviews discounts the session fee (not the add-ons), and you can pay part or all of the rest with iSure Coins. If they cover everything, no online payment is needed.

Q10

What do I need to share?

Your objective for the interview (role, company type, what you want to practise) and, optionally, your resume as a PDF so the expert can tailor the questions.

Q11

Can I cancel?

You can cancel from My Mock Interviews until an expert is assigned and get a full refund (iSure Coins go back to your wallet). If you miss a confirmed session, it counts as used and is not refunded.

Q12

Will I get an invoice?

Yes - an invoice for every payment, downloadable from My Payments and from your mock interview page.
